Consent Motion for Extension of Time

APCC Services, Inc., hereby requests a seven (7) day extension of time to and including August 22, 2005, in which to file its reply to the "Joint Opposition of Tel America of Salt Lake City, Inc. and UCN, Inc. to the Petition for Reconsideration" filed in response to the Petition for Reconsideration filed by APCC Services. The reply is currently due on Monday August 15, 2005. Counsel for UCN, Inc. and for Transtel/TelAmerica has consented to this extension. In support of grant of the extension, the following is stated.

Counsel for APCC Services, Inc., is currently occupied directly with other Commission proceedings and deadlines. One of the two lawyers working on this

matter is on vacation. Since, as UCN and Transtel/TelAmerica explain in their opposition, the closing of the transaction has already occurred and consumers of the services provided by UCN, which were formerly provided by Transtel/TelAmerica, are already enjoying such benefits as accrue from the consummation of the transaction, and counsel for UCN and Transtel/TelAmerica have consented to the extension, no party to this proceeding or affected by the services suffers any prejudice by grant of this request. Grant of the request also does not burden significantly, if at all, the Commission's processes. On the other hand, grant of the request will allow the Commission the benefit of a full record in this matter as it deliberates the merits of the parties' respective positions.

Wherefore, for the foregoing reasons, APCC Services requests that the Chief of the Wireline Competition Bureau grant a seven (7) day extension of time to and including August 22, 2005 within which APCC Services can file its reply in this proceeding.

Respectfully Submitted,

Albert H. Kramer
